To Whom It May Concern:

RE: Cause an Effect

Lutheran Family and Children's Services is honored to write a letter of recognition regarding the Columbia Area Career Center Skills USA chapter. Their community service project "Cause an Effect" has had a tremendous impact on the Columbia area and the students of Columbia Public Schools.

We were honored to support them by reaching out to Church Members that support Lutheran Family & Children's Services to donate their computers to our agency and in turn the Cause an Effect Project would then pick them up and refurbish them into usable computers for people in need. This is such a worthwhile project. Many times they were donated back to the students we serve here at our non for profit agency.

Keeping these out of landfills is very important and at the same time helping people in need is such a valuable thing as well as teaching these students a valuable skill. We are so proud to support Skills USA, the Columbia Area Career Center and the Cause an Effect project.

The community is very lucky to have this student project under David Hopkins, Information Technology at the Columbia Area Center Career Center. Mr. Hopkins leadership skills and the skills of his students were kept three things in mind; keeping the environment free from toxic waste, teaching valuable skills to students, as well as giving back to the community.

Best Regard,

Michele J. Towns  
Office Administrator
